Range: 0-840000 Mean: 29020.3
Standard deviation: 69631.2

Questions and instructions

LITERAL QUESTION

In the past 12 months, how much net income (that is, after paying for workers and other inputs) did your household earn from this business? Amount in KSh.

SOURCE OF INFORMATION

Either the household head or the spouse, whoever is best able to respond about each business.

INTERVIEWER INSTRUCTIONS

Ask how much NET income was earned from the business in the past 12 months. Net income refers to profits - that is, how much did the respondent's household get after paying for all the workers and inputs? You should help the respondent calculate this if an answer is not immediately provided.
