#### INTERVIEWER INSTRUCTIONS

This question should not be asked if the answer to question 3 was code 3 - "owned and rented out". In this case, the land is being farmed by somebody not in the household, so we do not want to record the crops that are being grown on it. For all other plots, ask the respondent for all the crops that were being grown in the past 12 months - use the crop codes. Make sure to probe for all crops if the respondent reports only one or two major crops - in between major growing seasons, households will often grow vegetables. If a plot has been left fallow in the last 12 months - write 88.
