### ABSTRACT

The Kenya Continuous Household Survey Programme (KCHSP) is a household budget survey, whose implementation began in 2019 throughout the year with support from both the Government of Kenya and The World Bank through the Kenya Statistics Program for Results. The main objective of conducting the KCHSP is to assist in addressing the underlying data gaps. The survey is conducted in a modular form (with various modules), which are designed to provide a constant stream of data on a wide range of social and economic issues relevant to Kenya obtained on an annual and quarterly basis. The key modules in the KCHSP include the labour force and household consumption, which provide data on key labour market indicators and measures of welfare (Poverty), respectively. The survey also provides data on housing, education, and household characteristics etc. The findings are presented at national, county, rural and urban domains.

### Housing Conditions and amenities

Information regarding housing conditions and ownership, access to water, sanitation and source of energy utilized by households in the 2019 KCHSP.

### Education

Data on education are presented for; current attendance, school attendance in the last academic year and highest level completed. The module also includes education expenditures. The module was administered to individuals aged 3 years and above.

### Labour

The eligible respondents for the module are individuals aged 5 years and above. The module provides information on individuals who were engaged in an economic activity, those that held a job, the unemployed: those who took an action to look for work, occupation and industry among others. The indicators re generated at both annual and quarterly basis.

### Agriculture- Crop Output (Farm Gate Prices)

The dataset contains information on the farm gate Prices reported at the household level either through practicing mixed, crop farming etc..

### KIND OF DATA

Sample survey data [ssd]

### UNITS OF ANALYSIS

Households Individuals within Households

## Coverage

---

## GEOGRAPHIC COVERAGE

The survey covers all the Counties in Kenya based on the following levels National, Urban, Rural and County

## Producers and Sponsors
