Supervision

The survey was done by teams of interviewers posted at every border control point. Each team comprised of 3 interviewers and one supervisor. The role of the supervisor was to ensure that the interviewers collected the correct information by checking the entries in the questionnaire, doing preliminary editing of the completed questionnaires. The supervisor has the responsibility of compiling field progress reports and submitting completed questionnaires to the Head office.

Data Processing

Data Editing

Data editing was done and tables generated. Details of data editing are provided in the external resources

Other Processing

Data processing system was developed and tested by KNBS using CSPro software.

Data processing involved three major tasks namely;

- Minor questionnaire editing
- Data entry,
- Data editing and cleaning, and
- Data tabulation.
